Computer & Information Systems Managers	11.0101, 11.0103, 11.0104, 11.0199, 52.0216

# Step 4. Determine How to Distribute Funding

A plan for 52 approved institutions and 41 offered CIPs was used to determine the distribution of funds.

- **The allocation is based on the proportional share of Alabama-resident graduates in the approved programs divided by available funds.**
- The following data sources were used for projection calculation:
  - Using ACHE data files and IPEDS reports via NCES, determined the average of **in-state** graduates for ACHE and ACCS colleges and universities in qualifying majors since 2015 by degree level and approved majors.
  - Similar calculation for private, nonprofit institutions using IPEDS and institutional data requests
- Develop funding per institution for which the calculation yields ample funding for student(s) to complete a degree in one of the qualifying programs aligning with ACCCP Occupation List

## Results

- Funding distributed in a 26% ± to 74% ± split between associate and baccalaureate degrees based on the average count of **in-state** graduates since 2015. **Baccalaureate students will receive a higher award because of greater enrollment cost as prescribed in the bill.**

**(Re)Engage Alabama Grant Program**

**General Information**

The purpose of the (Re)Engage Alabama Grant Program is to increase the number of Alabama adults with college degrees; to encourage adults who have earned some college credit hours to return to college, enroll, and complete a college degree program that is connected with workforce development needs and aligned with Alabama's high demand occupations list; and to provide financial assistance to adult learners of the State of Alabama for postsecondary education in the State of Alabama.

**Student Eligibility Requirements**

To be eligible for an (Re)Engage Alabama Grant Program award, the student must be:

- An Alabama Resident (proof includes a current valid Alabama driver license (front and back), a current valid Alabama vehicle registration, or a current valid Alabama voter registration card)
- 25 years of age or older at time of current enrollment
- Has been out of college for two years prior to current enrollment
- Has a completed FAFSA
- Pursuing the first associate or baccalaureate degree
- Has earned 36 credits toward an associate degree or 72 hours toward a baccalaureate degree of the approved program
- Has been accepted, admitted, or enrolled in an approved program
- Is enrolled in six hours or more per semester
- Is in good academic standing by college and/or program
- Is enrolled in courses of study directly leading to a degree identified in alignment with a job on the ACCCP list of high demand programs as determined by the funding process developed by Alabama Commission on Higher Education
- Assistance will cover no more than a total of 120 academic hours for baccalaureate degree and 60 hours for associate degree

**Use of Social Security Number**

Section 7(b) of the Privacy Act of 1974 (5 U.S.C. 522a) requires that when any Federal, State, or local government agency requests an individual to disclose his/her social security account number, that individual must also be advised whether that disclosure is mandatory or voluntary, by what statutory or other authority the number is solicited, and what uses will be made of it.

Accordingly, applicants are advised that disclosure of their social security account number (SSAN) is required as a condition for participation in the (Re)Engage Alabama Grant Program, in view of the practical administrative difficulties which the Program would encounter in maintaining adequate program records without the continued use of the SSAN.

The SSAN will be used to verify the identity of the applicant and as an account number (identifier) throughout the life of the grant in order to record necessary data accurately. As an identifier, the SSAN is used in such Program activities as: determining program eligibility, certifying school attendance, making and verifying grant payments, and maintaining records of grant payments.

Authority for requiring the disclosure of an applicant's SSAN is in section 7(a)2 of the Privacy Act, which provides that an agency may require disclosure of an individual's SSAN as a condition for the granting of a right, benefit, or privilege provided by law.

**WARNING**

Any person who knowingly makes a false statement or a misrepresentation for the purpose of wrongfully obtaining a grant hereunder shall be guilty of a misdemeanor and, upon conviction thereof, be punished as by law provided for a misdemeanor.

The (Re)Engage Alabama Grant Program is a Limited Funded Program, and submission of this application does not ensure that funds will be available when the application arrives at the Alabama Commission on Higher Education.
